

MARIIA CHERKASHYNA

JUNIOR FRONT-END DEVELOPER

SUMMARY

I'm a Junior Front-End Developer eager to secure my first position in the field. With a solid foundation in HTML, CSS, JavaScript, and React, I specialize in crafting responsive websites and web applications. I'm keen to expand my skill set and contribute to exciting projects. I look forward to joining a team where I can contribute effectively and learn from experienced professionals. My commitment and adaptability make me a promising addition to any collaborative environment.
