SUMMARY

As an aspiring Junior Front-End Developer with a solid foundation in HTML, CSS, JavaScript, and React, I am actively seeking my first professional opportunity. My proficiency in these technologies enables me to create engaging and responsive web interfaces. I am dedicated to expanding my skills and contributing to dynamic projects. Eager to learn, adapt, and collaborate, I am excited to contribute my enthusiasm and fresh perspective to a supportive team as I embark on my journey in the field of Front-End development.

PROJECT EXPERIENCE

Cinemania, Link [HTML, CSS, JS, Parcel, REST API]
A responsive website featuring the latest popular movies of the day, week, and upcoming month. The design includes a mobile-friendly menu, dynamic daily movie ratings, a diverse film library, and modal windows for trailers and detailed information.
Role: Developer.

Minimal, Link [HTML, CSS]
Designed with simplicity in mind, the app presents details about contemporary minimalist furniture, incorporates client feedback, and enables users to subscribe to an email newsletter.
Role: Scrum-master,developer.

WORK EXPERIENCE

Team Leader
Novares Company, Slovakia | Feb 2022 - May 2023
